SPEAKER

Monica Mowry, RN, MSN, NE-BC, ONC, CLSSGB

Ms. Mowry has more than 20 years of RN experience in Orthopaedics, Med-Surg, and Critical Care nursing, with a specialty focus in Nursing Administration and Quality. Ms. Mowry serves as a Service Line Educator at Atrium Health in Charlotte, N.C., and has been teaching the NAON Orthopaedic Review course for 3 years.

COURSE OBJECTIVES

1. Describe the signs and symptoms, surgical and non-surgical interventions, and nursing plans of care for individuals with degenerative joint disease
2. Differentiate the clinical signs and symptoms and nursing plans of care for patients with selected inflammatory disease processes
3. Compare treatment options and nursing management of metabolic bone disorders
4. Develop therapeutic nursing interventions for children with pediatric, congenital and neuromuscular disorders
5. Create appropriate nursing plans of care (surgical and non-surgical) for patients with musculoskeletal tumors
6. Identify nursing plans of care for the orthopaedic patients during the pre-, intra-, and post-operative periods
7. Describe common traumatic injuries and nursing plans of care for such patients
8. Determine preventative measures for common sports injuries
